“HYPER PERFORMING” WELL SUMMARIZES
THE CURRENT GROWING TRENDS

HYPER PERFORMING COSMETICS

A CURRENT TREND

Science in Skincare

The beauty industry is increasingly populated by products reminding of scientific values. Focus on cellulars and micro organisms micro-worlds to exploit their mechanism of action and “unlock” the youth potential reactivating their power of regeneration.

Hyper - Pragmatism

The increasing of Femininity models inspired by the Amazon or Superwomen archetype, Dynamic life-styles and multiplication of the roles that women personify every day lead to a rediscovering of the value of time and the performative value of the objects.

Particularly appreciation for time saving beauty routines allowing real results and concrete efficacy achievable with a few simple gestures, saving time to devote to other activities.

Superpowers

The value areas of strength, dynamism and power are the most common in mature skin. Within this framework products and active ingredients are proposed as beauty weapons able to divert the course of time, made of rare and precious ingredients. This aura of preciousness is reinforced with the selection of design packaging, able to preserve the active principles properties.

SKIN RENEWAL ACTIVATOR

SKIN NEEDS:

Brightness, skin uniformity, smoothness and elasticity are synonymous of a young and healthy complexion.

THE FORMULATION:

Innovative solution promoting a unique skin renewal action with a reinforced cell turnover and brightness. The radiance effect is enabled by the combined action of **two active formulations playing a synergistic role.**

Formulation 1: Trasparent gel, easily absorbed with soft and velvet skinfeel.

Radiance activator: **AZELOGLICINA**

- Brightening efficacy:**
- ☑ Brightens overall skin complexion after only 3 weeks.
 - ☑ Reduces dark spots hyper pigmentation.

Formulation 2: Liquid light pink solution which perfectly solubilizes into the gel.

Radiance activator: **VEROCHIC**

- Exfoliating efficacy:**
- ☑ +24% exfoliating power vs Glycolic Acid.
 - ☑ Less irritating than the common peelings.

SKIN BENEFITS:

- Skin maintains a long lasting healthy and fair complexion.
- Signs of time are softened.
- Skin radiance is enhanced.

Radiance booster

PACKAGING SOLUTIONS

VX ROTATE is a new solution aimed at mixing two different formulations - previously kept separated in **two different chambers** - unlocking their properties with an **activation twist**.

Ideal for sensitive ingredients, it preserves the actives' efficacy from degradation until the application time, a long-lasting shelf life assuring at the same time.

Instantaneous activation:

- Twisting the shoulder clockwise to open the seal.
- Shaking the pack to mix the 2 formula.

BENEFITS

- Less contamination: airless system.
- Maximum protection from air oxidation.
- Possibility to keep separated 2 formulas until the activation twist.
- Easy to use.
- Long lasting shelf life even for sensitive ingredients

APPLICATION ADVICE:

- After Aesthetic treatments: use at home as an aid in the Laser or Peeling Therapy. Apply before bedtime for cycles of 30/45 days.
- Daily Skincare: strong and effective "renewing skin" treatment. Apply before bedtime for cycles of 30 days.

Once activated, use the product within 3 months to avoid the degradation of the mixed ingredients. Always shake the bottle before using for an homogeneous dispersion of the two solutions.

LIFT UP SERUM

SKIN NEEDS:

Everyday life with its hurries and rush hours is often cause of chronic stress. As a result, the body undergoes fight-or-flight reactions that cause persistent muscle contractions. Wrinkles, crow's feet and fine lines are some of the physical results of skin hypertension and suffering.

THE FORMULATION:

Silky serum, easily absorbed with a light and velvet skinfeel. It performs an enhanced de-stressing and lifting effect, ideal to correct and prevent lines, thanks to a combined mechanism of action:

Pure **Stevia Rebaudiana** extract (Dolcévia) acts against dermo-contractions.

DOLCÉVIA

Lifting effect:

- ✓ -17% wrinkle depth after 7 days.
- ✓ - 30% wrinkle depth after 14 days.

Red Alga Gel from Pacific Ocean smoothes the wrinkles'surface for a firming skin.

RED ALGA GEL

Lifting effect:

- ✓ Film forming.
- ✓ Moisturizing and hydrating properties.

SKIN BENEFITS:

- Involuntary muscle contractions are minimized.
- Skin roughness, lines and wrinkles are reduced.
- Skin surfaces remains smoother appearing more relaxed.

De-stressing booster

PACKAGING SOLUTIONS

AIRLESS DROPPER's exclusive **auto-loading system** ensures optimal results providing the correct dosage for one facial application and allowing a precise usage. The system gets auto-loaded by closing the screw cap and simply pushing the actuator to release the product. The refined packaging details communicate sophistication, class and value, making each precious drop treasured and appreciated.

BENEFITS

- Less contamination: airless system.
- Precise dosage.
- Easy to use: Auto-loading function.
- No product waste, application possible to the very last drop.

APPLICATION ADVICE:

- After Aesthetic treatments: use at home as an aid in the Botulinum Toxin Therapy. Apply twice a day on proper skin.
- Daily skincare: lifting serum for daily use. Apply twice a day on proper skin.

Each single drop provides the correct dosage for a single face application.

EYE PERFECTING DROPPER

SKIN NEEDS:

Eye-contour is the first area to show fine lines and deep wrinkles because of its thin and fragile skin, lack in collagen and elastin fibers, muscles' perpetual motion. In addition, stressing life, dehydration, sun exposure and a slower blood microcirculation can cause tiredness signs such as shadows or puffiness.

THE FORMULATION:

Ultralight and impalpable gel formulation that perfectly blends with skin.

This revitalizing booster creates a thin and clear film on skin, giving a pleasure sensation of hydration. It brightens dark circles and discolorations for a revitalized eye contour and, at the same time, it prevents and corrects fine lines and wrinkles.

EYEDREN

Eye-contour
correcting efficacy:

- ✓ Reduction of Blood and fluid retention by increasing microcirculation.
- ✓ Reduction of wrinkles in the area around eyes (in particular crow's foot (- 16% wrinkles' depth after 2 weeks).

SKIN BENEFITS:

- Fine line prevention and correction.
- Puffiness of the eye contour is reduced.
- Attenuation of the appearance of tired eyes and bags under the eyes.

Revitalizing Booster

PACKAGING SOLUTIONS

DROPPER TUBE is ideal to convey the preciousness of this "elisir" serum and, at the same time, to assure a practical use.

The **one-drop-at-a-time** system uses a **suck-back system** to ensure accurate drop size allowing a total control and a perfect dosage during the application. The tube allows you to place a single drop on your fingertip, for precise application to the local area of eye contour in a delicate gesture.

BENEFITS

- Less contamination: airless system.
- Easy to use.
- Very precise drop.
- One Drop at a time!
- Suck back function.

APPLICATION ADVICE:

- After Aesthetic treatments: ideal after blepharoplasty or anti-wrinkles aesthetic treatments.
- Daily skincare: revitalizing serum for daily use. Apply in the morning.

DEEP REPLUMPING AMPOULE

SKIN NEEDS:

In order to obtain a youthful look, and to guarantee more visible results, it is important to choose cutting-the-edge cosmetics able to reach deeper skin layers, simulating injectable wrinkle fillers' action.

THE FORMULATION:

Transparent gel rapidly absorbed with a light touch. This treatment is characterized by an **enhanced skin permeation** attitude that assures a superior skin care efficacy for a **"Filler - like" effect**.

Thanks to a cutting-edge technology, the chief components of the extracellular matrix, are carried in the deepest skin layer for a more effective re-densifying action; skin cell and extracellular matrix is protected and recovered with and overall prevention of dermis degradation.

It re-densifies the cellular matrix and stimulates collagen renewal.

X-TEND

BEAUTY POTIONS

In 4 weeks:

- ✓ +22% skin density.
- ✓ +25% skin hydration increase.
- ✓ -7% skin roughness.

Easily absorbed, it boosts skin elasticity, enhances collagen synthesis and promotes a better skin hydration.

HYALURONIC ACID

(low molecular weight)

SKIN BENEFITS:

- Protects and repairs the cellular matrix.
- Guarantees a re-densifying antiage activity.
- Corrects deep wrinkles.

Filling booster

PACKAGING SOLUTIONS

One **Ampoule** with refills. Each ampoule provides the ideal dosage for a cycle of application (1 week, twice a day).

The patented Airless System Technology is combined with injection capabilities. The resealable airless ampoule allows a complete use of the formulation with no waste of product. The Gesture of application reminds users of a filler injection conveying the idea of efficacy.

BENEFITS

- Refill concept.
- Direct application.
- Less contamination: airless system .
- Travel friendly.

APPLICATION ADVICE:

- After Aesthetic treatments: one ampoule covers 7 days of treatment. Apply it twice a day.
- Always: strong and effective anti-wrinkles treatment.
